# ANS LINER JET™

The revolutionary and innovative ANS™ Liner Jet

The ANS™ Liner Jet was designed with safety and sanitation in mind. Pedicure technicians and customers will rest a little easier with the new features of the improved ANS™ Liner Jet. The ANS™ Liner Jet includes an automatic safety shutoff system that disables the motor when dislodged. After each service, the ANS™ Liner Jet can be detached and easily cleaned and disinfected. Customers can now enjoy a soothing pedicure with whirlpool action without the risk of bacteria and rust from older jets.

Easy to use, easy to clean.

Our spas feature ANS™ Liner Jet System with the innovative ANS™ Liner Jet. Paired with disposable ANS™ Liners, buffers, files, and pedicure sponges, our pedispas make it easy to keep your customers safe, and your salon clean and sanitary.

Gentle and soothing yet powerful jet power.

## ANS LINER™

Make sanitation and safety your biggest priority, with ANS™ Liner, the new and improved ANS™ Liner from Alfalfa. Conveniently disposable, these next-generation pedispa liners reduce the risk of bacterial infections and cross-contamination, giving each of your customers a clean and safe pedicure at every visit. Our new liners also now come with ridges for added strength and stability, making the pedicure fast and easy for the nail technician. The new ANS™ Liner is the sensible solution for every salon or spa.
